## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That this House resolves the following reforms are immediately necessary in the Health Services legislation of the Province.
  1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province.
  2. That all health services, including hospital services, be combined under the control of a single Commission.
  3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required.
  4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs.
  5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970.
  6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government immediately provide a supplement of \$40 for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That the government immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.

4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid (Scarborough East)*—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend the Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants

to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. DeMonte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this

decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this

decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid (Scarborough East)*—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this

decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have

been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, in order to formulate an international policy in this regard.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by

the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not

come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.

What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not

come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. ## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid (Scarborough East)*—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, in order to formulate an international policy in this regard.
5. *Mr. Reid (Scarborough East)*—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.

7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident.

When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
4. *Mr. Paterson*—Resolution—That this government should initiate studies concerning the transportation of petroleum products by bulk tankers on the Great Lakes as a potential catastrophic pollution hazard, and as to whether it is feasible and economic and a safer method to transport petroleum products via a network of pipelines. And further that this program be drawn to the attention of those states bordering on the Great Lakes and the senior levels of government of our countries, an order to formulate an international policy in this regard.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year

that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are

kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled “Secondary School Accommodation—Area 2”.
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original

129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.

7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident.

When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid (Scarborough East)*—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled “Secondary School Accommodation—Area 2”.
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.

9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.

10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly all Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at each provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled “Secondary School Accommodation—Area 2”.
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

*Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.

7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.

9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.

10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled “Secondary School Accommodation—Area 2”.
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

- . *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
- 7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus "part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus" of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
  
2. *Mr. Davison*—Resolution—That in the opinion of this House, in view of the serious effects of the inflationary price spiral on pensioners and the failure of the federal government to provide any significant increase in pensions, The Ontario Government should immediately provide a supplement of \$40 per month for all persons in receipt of Old Age Security as an emergency measure until such time as the federal government responds to pressure from the Ontario Government and the electorate generally and raises Old Age Security payments at least to the "poverty level" identified by the Economic Council of Canada and introduces adequate escalation clauses into all government pension legislation to keep pensions in step with the cost of living.
  
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
  
- Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.

6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.
8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.

3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".
4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been

built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company.

4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.

8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check

to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are

under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for

settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights

in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.

9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the *Globe & Mail* for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.
11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases

12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.
16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

1. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Is the construction of the \$42 million Humanities and Social Sciences Research Library by the University of Toronto on its downtown St. George Campus “part of a University of Ontario plan that would centralize nearly *all* Ontario graduate work at the St. George Campus” of the University of Toronto as alleged by the editor of the *Varsity* (Brian Johnson) on page 4 in the February 25, 1970 issue. What are the planning estimates of the Department of University Affairs concerning the number of graduate students enrolled in provincially assisted universities in Ontario in 1975. In 1980. In 1985. What are the planning estimates of the Department of University Affairs concerning the sub-estimates of the number of graduate students at *each* provincially assisted university in 1975. In 1980. In 1985.
2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are

under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

4. *Mr. Davison*—Enquiry of the Ministry—What are the costs of the following Commissions: Plunkett Report—Peel-Halton; Mayo Report—Niagara Falls, Welland and St. Catharines; Steele Report—Hamilton, Burlington, Wentworth.
5. *Mr. Shulman*—Enquiry of the Ministry—Was the original idea behind the development of Plan 174 in Oakville that this was the only way a somewhat run down area with large lots could be handled, namely, that the Municipality and the owners would work together to get some low cost housing. At the present time have all owners been expropriated and ordered to move out whether they have settled or not. Of the original 129 parcels of property at August 1st last year, have 52 not settled or accepted any agreement and have these 52 all received expropriation notices and low offers. Did the Town of Oakville call for bids from developers to develop this area, and did Consolidated Building Corporation submit a good proposal whereby they would pay all costs of development, and would not have anyone move out until new homes had been built to which they could move. Later, did another developer get into the act on a 50-50 basis, and at this point was the \$400,000 capital contribution that was to be paid by the first developer dropped, and now, must the homeowners that will buy pay this contribution which was given back to the developers. Is it true that this agreement did not come before Council until after approval by the O.M.B. Is it true that although the development costs have only gone up \$240,000, the proposed prices on lots and homes has gone up \$1,700,000. Is this now low cost housing. Is it true that the Town of Oakville, which is the expropriating agent, is using its powers to take property without compensation in many cases, and turning it over to private developers for profits. Is this legal under any act. Is it true that the Town of Oakville is claiming to be the authority for expropriation, but that the town as such has not paid one cent to anyone, and that all money used for payment for property has come from the developers. Is this legal. Is it true that no ads have been placed, and that no hearings or anything else has been held, even though this is claimed to come under the new expropriation act. Is it true that developers are moving onto property for which no agreement for

settlement has been made, or any money paid out, and cutting down trees, tearing up fences, and demolishing homes and other buildings. Is this legal under any act. Are the negotiators for the town offering very low amounts for the properties, despite the fact that the act states that the market value must be paid for property. Is this legal. Have many of the people acting on behalf of the town never been hired or appointed by Town Council. Have most of the transactions taking place never been brought before the Council or discussed by it. Has Council never met any of the developers or negotiated directly with them in any way. Have any arrangements been made to house the people, both owners and tenants, who have to vacate. Have mortgages been paid off on houses in this development which have been demolished. Did developers take out building permits a month before they had possession of the land.

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
8. *Mr. Jackson*—Enquiry of the Ministry—1. Has any revision been made in the pulpwood price list included in section 1, subsection 1 of the Crown Timber License issued to the E. B. Eddy Co. on October 17, 1963 for rights

in Temiskaming area. 2. What is the present status of negotiations between E. B. Eddy Co. and the province for the erection of a pulp mill to exploit the resources under license. 3. Has any other company, individual or co-operative, indicated an interest in erecting a pulp mill in the Temiskaming area if the resource now held by E. B. Eddy is made available. 4. What is presently being done by the Department of Lands and Forests to ensure the early construction of a pulp mill in Temiskaming to exploit the resource held by E. B. Eddy Co. 5. The number of third party agreements now in effect in the limits licensed to E. B. Eddy Co. in the Temiskaming area. 6. The names and addresses of companies or individuals holding third party rights. 7. The names and addresses of companies or individuals who are presently and actively exploiting their rights under third party agreements.

9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the *Globe & Mail* for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.
11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.

12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.
16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid (Scarborough East)*—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000, (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

### QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000, (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.
17. *Mr. Makarchuk*—Enquiry of the Ministry—1. What are all the sources of pollution located by the O.W.R.C. which are contributing to the pollution of the Grand River. 2. What action is being taken or contemplated by the Government aimed at terminating this pollution. 3. What are the target dates.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.
17. *Mr. Makarchuk*—Enquiry of the Ministry—1. What are all the sources of pollution located by the O.W.R.C. which are contributing to the pollution of the Grand River. 2. What action is being taken or contemplated by the Government aimed at terminating this pollution. 3. What are the target dates.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.
17. *Mr. Makarchuk*—Enquiry of the Ministry—1. What are all the sources of pollution located by the O.W.R.C. which are contributing to the pollution of the Grand River. 2. What action is being taken or contemplated by the Government aimed at terminating this pollution. 3. What are the target dates.
18. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many written requests were received in 1969 by the Department of Education for their “consultative Service for School Personnel” as described on page 80 of the publication entitled *Ontario Government Services, 1970*. What are the names of all the local authorities involved. How many such requests were received from January 1, 1970, to March 31, 1970. What are the names of all the local authorities involved.
19. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry— How many written requests were received in 1969 by the Department of Education from school boards for “consultative Services to School Boards” as described on page 82 of the publication entitled *Ontario Government Services, 1970*. What are the names of the School Boards involved. How many such requests were received from January 1, 1970 to March 31, 1970. What are the names of the school boards involved.
20. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many requests were received in 1968 and in 1969 by the Department of Education for “Duplicate Certificates and Diplomas” as described on page 85 of the publication entitled *Ontario Government Services, 1970*. How many requests were received in 1968 and in 1969 for “Evaluation of Educational Documents” as described on page 91 of the aforementioned publication.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.
17. *Mr. Makarchuk*—Enquiry of the Ministry—1. What are all the sources of pollution located by the O.W.R.C. which are contributing to the pollution of the Grand River. 2. What action is being taken or contemplated by the Government aimed at terminating this pollution. 3. What are the target dates.
18. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many written requests were received in 1969 by the Department of Education for their "consultative Service for School Personnel" as described on page 80 of the publication entitled *Ontario Government Services, 1970*. What are the names of all the local authorities involved. How many such requests were received from January 1, 1970, to March 31, 1970. What are the names of all the local authorities involved.
19. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry— How many written requests were received in 1969 by the Department of Education from school boards for "consultative Services to School Boards" as described on page 82 of the publication entitled *Ontario Government Services, 1970*. What are the names of the School Boards involved. How many such requests were received from January 1, 1970 to March 31, 1970. What are the names of the school boards involved.
20. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many requests were received in 1968 and in 1969 by the Department of Education for "Duplicate Certificates and Diplomas" as described on page 85 of the publication entitled *Ontario Government Services, 1970*. How many requests were received in 1968 and in 1969 for "Evaluation of Educational Documents" as described on page 91 of the aforementioned publication.
21. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many persons were recommended to the Department of Education for its Manpower Retraining Courses in 1967, 1968 and 1969 by the Federal Government's Manpower Centres in Ontario. Did the Department of Education accept all persons thus recommended and, if not, how many were rejected by the Department in 1967, 1968 and 1969.
22. *Mr. Deans*—Enquiry of the Ministry—Would the Minister of Financial and Commercial Affairs take whatever action is necessary to have the Department of Consumer Protection, and the Superintendent of Insurance conduct an investigation into the automobile repair industry. The purpose of this investigation would be to ascertain the validity of the

claim that a two pricing system is being used by the industry, the result of which is a higher cost levied against those who have automobile insurance coverage with the result being higher automobile insurance premiums.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) "cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year". If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated "that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building" and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as "confirming" the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.
17. *Mr. Makarchuk*—Enquiry of the Ministry—1. What are all the sources of pollution located by the O.W.R.C. which are contributing to the pollution of the Grand River. 2. What action is being taken or contemplated by the Government aimed at terminating this pollution. 3. What are the target dates.
18. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many written requests were received in 1969 by the Department of Education for their "consultative Service for School Personnel" as described on page 80 of the publication entitled *Ontario Government Services, 1970*. What are the names of all the local authorities involved. How many such requests were received from January 1, 1970, to March 31, 1970. What are the names of all the local authorities involved.
19. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry— How many written requests were received in 1969 by the Department of Education from school boards for "consultative Services to School Boards" as described on page 82 of the publication entitled *Ontario Government Services, 1970*. What are the names of the School Boards involved. How many such requests were received from January 1, 1970 to March 31, 1970. What are the names of the school boards involved.
20. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many requests were received in 1968 and in 1969 by the Department of Education for "Duplicate Certificates and Diplomas" as described on page 85 of the publication entitled *Ontario Government Services, 1970*. How many requests were received in 1968 and in 1969 for "Evaluation of Educational Documents" as described on page 91 of the aforementioned publication.
21. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many persons were recommended to the Department of Education for its Manpower Retraining Courses in 1967, 1968 and 1969 by the Federal Government's Manpower Centres in Ontario. Did the Department of Education accept all persons thus recommended and, if not, how many were rejected by the Department in 1967, 1968 and 1969.
22. *Mr. Deans*—Enquiry of the Ministry—Would the Minister of Financial and Commercial Affairs take whatever action is necessary to have the Department of Consumer Protection, and the Superintendent of Insurance conduct an investigation into the automobile repair industry. The purpose of this investigation would be to ascertain the validity of the

claim that a two pricing system is being used by the industry, the result of which is a higher cost levied against those who have automobile insurance coverage with the result being higher automobile insurance premiums.

23. *Mr. Reid* (Rainy River)—Enquiry of the Ministry—1. Has the Minister of Health given consideration to the recommendation that the use of the pesticide ALPHACHLORALOSE as an agent for the live capture of ducks should be discouraged. 2. Has the Minister issued a directive discouraging the use of ALPHACHLORALOSE. 3. Has the Department of Health given consideration to the restructuring of the Ontario Pesticides Advisory Board to remove the representatives of manufacturers or distributors of pesticides as recommended by the Royal Commission. 4. Has the Minister given consideration to the restructuring of the Ontario Pesticides Advisory Board as recommended by the Royal Commission to:—give it the responsibility to recommend the appropriate standards for examination and re-examination for licences, but not itself conduct such examinations, thus permitting the raising of standards;—give it the responsibility to serve as a compiler of information on pesticides and pest control and to serve as a source of advice to the government of Ontario and to municipalities requiring information and advice on pesticide matters;—give it the responsibility of instituting or commissioning its own research where information is not available or inadequate, and to maintain a reference library for all available material on pesticides and responsible pest control practices generally. 5. Would the Minister inform the Legislature who the members of the Ontario Pesticides Advisory Board are, and what is their affiliation. 6. Would the Minister inform the Legislature as to the annual budget of the Ontario Pesticides Advisory Board, and how the budget is allocated. 7. Would the Minister inform the Legislature who the Chairman of the Pesticide Advisory Board is and what staff he is allocated. 8. Can the Minister tell the Legislature what duties the staff of the Ontario Pesticides Advisory Board perform.
24. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Do the Training Schools under the jurisdiction of the Department of Correctional Services receive the high school records of teenagers who are sent there. If so, do the Training Schools keep these school records after the young people leave thereby necessitating such young people to give a Training School as the reference for their high school records which could prejudice potential employers against hiring such young people. Is it not true that some young people in Ontario's Training Schools have committed no offense. Should not high school records be sent back to the high schools when the young people leave the Training Schools.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Ben*—Resolution—That in the opinion of this House the following reforms are immediately necessary in the Health Services legislation of the Province. 1. That premiums be abolished and that the costs of all health services, including hospital services, be met from the total personal income and corporate income tax base of the Province. 2. That all health services, including hospital services, be combined under the control of a single Commission. 3. That coverage for medical services shall extend to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That proper coverage should include all paramedical services, including chiropractic, and also the cost of prescribed drugs. 5. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.
3. *Mr. Ferrier*—Resolution—That in the opinion of this House the government should immediately extend hospital insurance coverage to persons in chronic and convalescent hospitals or in approved nursing homes, who do not require continued medical and skilled nursing care, but whose condition is such that, in the opinion of the medical practitioner, they cannot be returned to their own home or to a home for the aged.
5. *Mr. Reid* (Scarborough East)—Resolution—That in the opinion of this House, the Government of Ontario should immediately grant adjustments to present superannuated teachers on the basis of  $2\frac{1}{2}$  per cent per year that each teacher has been receiving his or her pension and should accept the offer of the Ontario Teachers' Federation to undertake an increase in contributions of non-retired contributors up to  $\frac{1}{2}$  of 1 per cent and should amend The Teachers' Superannuation Act to include provision for the escalation of pensions as they relate to increases in the cost of living and increases in practicing teachers' median salaries.
6. *Mr. De Monte*—Resolution—That the present adversary system of Workmen's Compensation in Ontario is unjust and is resulting in severe hardship and unnecessary delay in the settlement of cases, unsatisfactory outcomes and a clear bias against the injured workman.
7. *Mr. Pitman*—Resolution—That in the opinion of this House, the Ontario Water Resources Commission should be reorganized to provide a regional office in every major watershed in Ontario, allowing for complete co-ordination of the activities of conservation authorities, health boards, municipal councils, educational institutions, citizens groups and any other bodies concerned with ending pollution, and that the first task of such a regional office should be the preparation, in cooperation with local bodies, of a plan to end the increasing water pollution in the Province of Ontario, and to restore those waters already polluted to their former state.

8. *Mr. Shulman*—Resolution—That the case of Mikolas Gilewicz, be referred to the Standing Health Committee for a complete investigation.
9. *Mr. Nixon*—Motion for Return—Documents, letters memoranda and reports of all communications between government departments and the officials of the Improvement District of Marathon and/or the Municipality of Marathon concerning the award of a retirement allowance to Mr. L. D. Irwin former Chairman of the Improvement District and present Reeve of the Municipality.

## QUESTIONS

2. *Mr. Peacock*—Enquiry of the Ministry—1. What was the number of permits, the date of each and the period of time each was in effect issued by the Department of Labour to Chrysler Canada Limited in 1968 and 1969 under Part II of the Employment Standards Act. 2. What records are kept by the Department of Labour of overtime hours worked by an employee where it has granted a permit under Part II of the Act. 3. Are permits withheld from employers who have exceeded the provisions of Part II of the Act.
3. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Did Mr. J. R. McCarthy, Deputy Minister of Education, write to the Secretary of the former Tweed-Hungerford Roman Catholic Separate School Board on September 19, 1968, stating that the Tweed-Hungerford District High School (T.H.D.H.S.) “cannot be sold until arrangements are made by the board having jurisdiction in 1969 for the accommodation of pupils in that year”. If Mr. McCarthy made such a statement, is it also correct that in 1969 the new Hastings County Board of Education stated “that the previous Tweed Hungerford District High School Board had sold the T.H.D.H.S. building” and is it further true that at the June 23, 1969, meeting of this board a motion was passed referring to the sale of the T.H.D.H.S. as “confirming” the sale by the previous board. Has the Department of Education forbidden the use of the T.H.D.H.S. as an elementary school by either the Hastings-Prince Edward Separate School Board or the Hastings County Board. If so, on what grounds was this decision made. How many high school students under the jurisdiction of the Prince Edward County School Board attend schools which are under the jurisdiction of the Hastings County Board. Has the Department of Education approved grants to the Hastings Board for the construction of a new high school in Bayside and also approved capital grants to the Prince Edward Board for the construction of a new high school in Ameliasburg. What are the estimated costs of these two proposed schools and what is the estimated student enrollment for each school for September 1971. Would not the closing of the T.H.D.H.S. cause overcrowding in the Centre Hastings High School. What guarantees exist to protect the present teachers at the T.H.D.H.S. from being discriminated against by the Hastings Board because many of them have differed publicly with the apparent decision of the Hastings Board to close down the T.H.D.H.S.—in the event their school is closed and they must seek transfer to other schools. Does the Department of Education require or recommend that

the minimum size of a high school be 800 pupils as implied in the February 18, 1970, memorandum and report by E. T. Morris, Assistant Superintendent of the Hastings County Board entitled "Secondary School Accommodation—Area 2".

6. *Mr. Peacock*—Enquiry of the Ministry—1. Does the decision of the general meeting of medical members of Windsor Medical Services Inc. held in Windsor on Wednesday, 4th March 1970, to wind up the association comply with the Pre-paid Hospital and Medical Services Act. 2. Specifically, what was the recommendation, or recommendations of the Directors of WMS to the medical members. What was the amount of undistributed reserve or surplus in question. How many medical members of WMS were present and voting at the general meeting. Were proxy votes of medical members unable to attend counted at the meeting. If so, did the proxy form contain notice of the Director's recommendation or recommendations. 3. If the decision of WMS Inc. does not comply with the Act, can the Superintendent of Insurance block the distribution of the reserves to members, or recall them if they have now been disbursed.
7. *Mr. Jackson*—Enquiry of the Ministry—1. The name of each company which has applied for exemption from the processing in Canada requirement of the Mining Act. 2. The name, jurisdiction of incorporation and address of any corporation owning 5% or more of the voting stock of each such company. 3. The name, jurisdiction of incorporation and address of any corporation which is in a position to control each such company. 4. Brief specific details of each exemption granted, the date on which it was granted, the mineral to which it applies, the length of time for which it is granted and the terms and conditions under which the exemption is granted. 5. Statement of the reason for granting each such exemption. 6. The following three percentages aggregating 100% (a) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed in Ontario; (b) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed elsewhere in Canada; (c) The percentage of each of the 12 major metallic mineral resources mined in Ontario in 1969 which was processed outside Canada. If the foregoing information is not available in precisely the form requested or using the criteria outlined above then the information which will provide the substance of the information requested.
9. *Mr. Good*—Enquiry of the Ministry—How can the Town of Copper Cliff, when advertising in the Globe & Mail for police constables, offer in their agreement a non-contributing pension plan, when OMERS Act requires municipal employees hired after July 1, 1965, to belong to OMERS, which is a contributing pension plan.
10. *Mr. Martel*—Enquiry of the Ministry—1. Is the Minister of Mines aware that three men in the last three weeks have been killed while working for Mining contractors in the Sudbury area. 2. In the 3rd fatality on March 12, 1970, was Ray Goudreau working alone. If alone, why. 3. How was he killed. 4. What time did the accident occur. What time did the Mine

Inspector reach the accident. O.P.P. 5. Were there provisions for 1 foot eye bolts in the rock to which a life line could be attached near the ore path. Were life lines readily available. If not, what action will the Minister take. Were these eye bolts installed before or after the accident. When. Will all the men who worked in the area be interviewed—re eye bolts and not just supervision. 6. (a) Was the ore path not covered by a steel girder over the open area, which allowed muck to go through. (b) Was it the type opened by air chamber using metal door to prevent anyone falling in when not dumping from ore cars. 7. (a) Was area around ore path slippery (from water). (b) Did Mining Inspector check to see if there was traction on the man's boots. 8. What was last time supervisor, either Inco or Dravo, checked the man on his shift, before the accident. 9. Did supervisor advise him to wear a life line. Will the Mine Inspector interview the men not just officials on this matter. If man was advised to wear safety line and refused, why wasn't he disciplined. 10. Was there an explosion prior to incident. At what time. Were there any noxious gases present. 11. Was man struck by anything. 12. Were officials aware of the fact man wasn't wearing a belt and conditions of the area.

11. *Mr. MacDonald*—Enquiry of the Ministry—1. What is the present annual salary rate of every deputy minister. 2. If agreement has been reached to increase any or all of those salaries during the 1970-71 fiscal year, what will be the annual salary rate of every deputy minister after the increases come into effect; and what will be the effective date of the increases.
12. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What proportion of the \$48.4 million Supplementary Estimate for School Boards (Order in Council No. 2858-69, July 17, 1969) went to Separate School Boards. What proportion of the total pupil body, under the jurisdiction of the School Boards of the Province of Ontario, is under the jurisdiction of the Separate School Boards.
13. *Mr. Martel*—Enquiry of the Ministry—(a) How many sons and/or daughters of the following received student awards in the academic year 1969-70: Doctors (all types); Lawyers; Dentists; Chiropractors; Teachers; Architects; Accountants; Businessmen; Managers in businesses; (b) How many sons and/or daughters received student awards in the academic year 1969-70 whose parents net earnings were: (a) 10,000; (b) 11,000; (c) 12,000; (d) 13,000; (e) 14,000; (f) 15,000; (g) 16,000; (h) 17,000; (i) 18,000; (j) 19,000; (k) 20,000; (l) 20,000 to 25,000; (m) 25,000 and over.
14. *Mr. Sargent*—Enquiry of the Ministry—How many meetings have been held with neighbouring States of the Union, including New York, Michigan and Illinois, on the problem of pollution in international waters; what are the dates of such meetings; who attended on behalf of Ontario and are reports of such meetings available.
15. *Mr. Ferrier*—Enquiry of the Ministry—How many students have enrolled at the beginning of each academic year in the various courses at the Porcupine Campus of the Northern College of Applied Arts and Technology since it opened in the fall of 1967. How many students have been

forced to withdraw each year because of failure in examinations. How many students each year have withdrawn for other reasons. What has been the staff-student ratio in each year. What has been the number of staff employed each year of its operation. How many teachers have been fired each year, and what is the reason given for each firing. How many teachers have resigned each year, and what is the reason for each resignation.

16. *Mr. Gisborn*—Enquiry of the Ministry—Is it Government policy to legalize off-track betting.
17. *Mr. Makarchuk*—Enquiry of the Ministry—1. What are all the sources of pollution located by the O.W.R.C. which are contributing to the pollution of the Grand River. 2. What action is being taken or contemplated by the Government aimed at terminating this pollution. 3. What are the target dates.
18. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many written requests were received in 1969 by the Department of Education for their “consultative Service for School Personnel” as described on page 80 of the publication entitled *Ontario Government Services, 1970*. What are the names of all the local authorities involved. How many such requests were received from January 1, 1970, to March 31, 1970. What are the names of all the local authorities involved.
19. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry— How many written requests were received in 1969 by the Department of Education from school boards for “consultative Services to School Boards” as described on page 82 of the publication entitled *Ontario Government Services, 1970*. 21. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—How many persons were recommended to the Department of Education for its Manpower Retraining Courses in 1967, 1968 and 1969 by the Federal Government’s Manpower Centres in Ontario. Did the Department of Education accept all persons thus recommended and, if not, how many were rejected by the Department in 1967, 1968 and 1969.
22. *Mr. Deans*—Enquiry of the Ministry—Would the Minister of Financial and Commercial Affairs take whatever action is necessary to have the Department of Consumer Protection, and the Superintendent of Insurance conduct an investigation into the automobile repair industry. The purpose of this investigation would be to ascertain the validity of the

claim that a two pricing system is being used by the industry, the result of which is a higher cost levied against those who have automobile insurance coverage with the result being higher automobile insurance premiums.

23. *Mr. Reid* (Rainy River)—Enquiry of the Ministry—1. Has the Minister of Health given consideration to the recommendation that the use of the pesticide ALPHACHLORALOSE as an agent for the live capture of ducks should be discouraged. 2. Has the Minister issued a directive discouraging the use of ALPHACHLORALOSE. 3. Has the Department of Health given consideration to the restructuring of the Ontario Pesticides Advisory Board to remove the representatives of manufacturers or distributors of pesticides as recommended by the Royal Commission. 4. Has the Minister given consideration to the restructuring of the Ontario Pesticides Advisory Board as recommended by the Royal Commission to:—give it the responsibility to recommend the appropriate standards for examination and re-examination for licences, but not itself conduct such examinations, thus permitting the raising of standards; —give it the responsibility to serve as a compiler of information on pesticides and pest control and to serve as a source of advice to the government of Ontario and to municipalities requiring information and advice on pesticide matters;—give it the responsibility of instituting or commissioning its own research where information is not available or inadequate, and to maintain a reference library for all available material on pesticides and responsible pest control practices generally. 5. Would the Minister inform the Legislature who the members of the Ontario Pesticides Advisory Board are, and what is their affiliation. 6. Would the Minister inform the Legislature as to the annual budget of the Ontario Pesticides Advisory Board, and how the budget is allocated. 7. Would the Minister inform the Legislature who the Chairman of the Pesticide Advisory Board is and what staff he is allocated. 8. Can the Minister tell the Legislature what duties the staff of the Ontario Pesticides Advisory Board perform.
24. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Do the Training Schools under the jurisdiction of the Department of Correctional Services receive the high school records of teenagers who are sent there. If so, do the Training Schools keep these school records after the young people leave thereby necessitating such young people to give a Training School as the reference for their high school records which could prejudice potential employers against hiring such young people. Is it not true that some young people in Ontario's Training Schools have committed no offense. Should not high school records be sent back to the high schools when the young people leave the Training Schools.
